- 1 x HDMI port

Designed for those who need speed in lots of simultaneous applications or may need to process large files. This powerful PC gives you capacity, speed and great performance under heavy use.

The motherboard at the heart of this Intel Pentium Dual Core G840 Socket 1155 system provides onboard LAN, 5.1 channel surround sound and dedicated nVidia GT430 graphics. A 500GB SATA hard drive provides ample storage, whilst the 8GB of DDR3 RAM will be plenty to handle most software applications.

This model comes with Microsoft Windows 7 pre-installed to reduce set up times.

This desktop PC is perfect for anyone looking for a small, durable system for use in at home or as an office system. A durable keyboard and mouse are also provided with the package.

This system features a 1 year return-to-base parts and labour warranty.
